WHAT “GERMAN-STYLE” MEANS HERE

Less handle. More kitchen.

German kitchen design is about precision and order: flush fronts, tight even gaps, appliances that disappear and storage planned to the last centimetre. That's how we've built kitchens for over two decades.

01 / HANDLELESS

J-pull and Gola rail fronts

Recessed channels run the full length of the kitchen — nothing to catch on, nothing to break the line.

02 / TOLERANCE

3 mm gaps, every door

Doors cut, edged and drilled in our workshop, then hung and adjusted on site until every gap runs straight.

03 / INTEGRATION

Appliances that disappear

Fridges, dishwashers and ovens behind matching fronts or in tall housings.

04 / SPACE

Every corner used

Corner solutions, pull-out larders and plinth drawers, measured to the wall.

05 / LIGHT

Lighting built in

Plinth, under-cabinet and shelf lighting wired at the fitting stage.

06 / ONE TEAM

Design, make and fit

The people who measure your room build your units and fit them.

KITCHENS

Handleless, flush and built around how you cook.

FRONTS	**Handleless J-pull or Gola rail** Or slab with slim bars, or a contemporary shaker.
FINISHES	**Gloss, matt, super-matt, wood and stone** Dozens of colours, including anti-fingerprint super-matt.
TALL UNITS	**Floor-to-ceiling banks** Fridge-freezers, ovens and larders behind one flush run.
STORAGE	**Drawers first** Deep pan drawers, internal drawers, corner solutions and pull-out larders.
WORKTOPS	**Quartz, stone-effect and solid wood** Templated after the units go in, with matching upstands or splashbacks.
LIGHTING	**LED plinth, under-cabinet and shelf lights** Wired in when we fit.
MADE	**In our Blackburn workshop** Cut, edged and assembled by our own team.

WHAT OUR CUSTOMERS SAY

Lived in, and loved.

★★★★★

"We're really happy with our new kitchen from SKB Group. From the first appointment, the team took time to understand how we use the space and what we wanted to change. They helped us think through the layout, finishes, and storage, and kept us informed as the work progressed. The finished kitchen looks great and is much more practical for everyday life. We've already had lots of compliments on it."

ALI · KITCHEN

★★★★★

"SKB Group helped us transform our bedroom with fitted wardrobes and extra storage. The design makes much better use of the space than our old furniture did, and everything feels neat and well planned. The team were friendly, answered our questions, and explained the different options clearly. We're very pleased with the finished room and would happily recommend them to anyone considering fitted bedroom furniture."

JAMES · FITTED WARDROBES

★★★★★

"We had a media wall designed and installed, and it has made a real difference to our living room. SKB Group listened to what we had in mind and helped us choose a design that suited the room rather than overwhelming it. The whole process was straightforward, and the finished result looks smart and well integrated. We're delighted with how it turned out."

HAMZA · MEDIA WALL

★★★★★

"From our first visit to the showroom through to the completed installation, we had a positive experience with SKB Group. The team were approachable and helpful, and gave us time to consider our choices without making us feel rushed. They kept us updated and were happy to talk through our questions. Our new kitchen looks fantastic, and the layout works so much better for us."
